

6516205969.txt

It is my belief that XM Radio should be able to broadcast local traffic and weather. For the most part when you listen to local radio stations you are forced to hear the host's opinion not always what's real. It is my right as an American citizen and my choice as XM listener to have the ability to listen to instant traffic and weather when ever I want.  
Thank you for you time,  
Loyal XM Listener,

Darrell Woodring
